Delinquency Policy

On the 4th day of the month, a note will go home to the family stating that the late fee has been charged to their account and tuition will need to be paid by the 5th of the month or their child will not be allowed to return until their tuition is current, except when there are extenuating circumstances in a given month and specific arrangements have been made between the family and the school Business Administrator as to when the tuition will be paid. On the 2nd of the month, a reminder phone call will be made to the family to state that their tuition needs to be paid the following day or their child cannot attend school. Once tuition is current, the child will be able to return to school.
