

MARYJOE MCNAMARA

Enrollment Administrator

I was born in New Jersey and then moved to Ecuador South America, where I spent the first 25 years of my life. I had the good fortune to be able to travel around the world experiencing many cultures while working in the travel and tourism industry. This experience opened my eyes and my heart, and I grew to appreciate and love people from all cultures in a very special way.

After gaining experience in this field I was able to attend and graduate from Hodges University with a Business Administration Associates degree while opening my own travel agency.

I am passionate about my family and I enjoy spending time with them. I am all about giving back to the community and for the past 15 years I have been involved in the Children's Ministry of my church. Additionally, I volunteer in the community on many projects that help those who might not otherwise be able to help themselves. I live in Chicago with my husband Sean and my four children.

I truly appreciate my work at AGBMS, meeting new people, helping people with their questions or concerns, and just being part of such a unique community of learners and care givers.
