

ALEXANDER GRAHAM BELL MONTESSORI SCHOOL

Korean Language Full Immersion Montessori Pre-school Program – Ages 3-6

Dear Parents:

This is an exciting time in your child's development! Your child is thriving and accomplishing remarkable things. Now is the time to plan for the 2023-2024 school year and take the next step toward a Montessori experience. This program is being offered as a Korean Language Full Immersion experience.

In our continuum of programs your child will have a smooth transition by being engaged by a Korean speaking guide throughout their early childhood educational pursuits. Your child will experience the energy, excitement, and high-quality education you can expect from an accredited and recognized Montessori school. AGBMS is hands-on, interactive, and child/student-centered.

Noah Wynne-Morton, (김영환, Yung Hwan Kim) – Montessori Guide

Noah was born in Seoul, South Korea and was adopted as an infant. He grew up in Winnetka, IL. After High School, he pursued a bachelor's degree from the Julliard School of Music followed by a Master of Music degree from Yale University. Noah moved back to Seoul to explore his roots as a native Korean and has spent the last 10 years there. While there, he realized he truly enjoyed working with children. Not only did Noah work as an elementary teacher at academies, he was a private tutor and teacher at an international school.

Noah is excited to be part of the Korean Immersion Language Program at AGBMS. Because of his roots, he not only finds education to be a quintessential necessity to succeed, he always tries his best to provide moral support and demonstrate good personal and social qualities for the students to emulate.
