## AGBMS-AEHI Vision & Mission Statement

Alexander Graham Bell Montessori School is a classic Montessori school that follows both the method and the philosophy of Dr. Maria Montessori. In the spirit of Montessori education, all children are treated with dignity and respect. Care for ourselves, care for others and compassionate activism are the touchstones of belief at Alexander Graham Bell Montessori School.

In light of these held beliefs, our school strives to be the most sought after Montessori school that delivers exemplary education for children ages 6 weeks through 15 years, including those who are deaf and hard of hearing. We will do this by enabling children with a wide range of unique gifts and needs to reach their highest potential academically, socially, and emotionally, while also cultivating in them an appreciation for diversity and respect for the world in which they live; and by pioneering a nationally recognized program for successfully educating children who are deaf or hard of hearing and children with other special needs.
